Real Estate Investment Management

WHO ARE WE?

SERRIS REIM IS AN INDEPENDENT COMPANY CREATED IN 2016.

Serris Reim's team of 49 people focuses its skills and abilities on offering clients tailor-made and integrated services allowing them to build up, develop and enhance real estate assets in the medium/long term as well as to create and harness value in each phase of the real estate cycle.

Serris Reim is committed to managing its clients' properties by proposing solutions suited to each asset typology and adapted to the different strategies of the owners.

As a company comprised of specialists, we cultivate a thorough knowledge of the buildings, the tenants and specificities of our clients.

In this way, we increase our autonomy, streamline our turnaround times and are able to make decisions quickly.

Serris Reim incorporates the entire back-office value chain linked to Asset and Investment Management, through the accounting/finance, legal and marketing units, allowing it to excel in both responsiveness and in the completion of tailor-made assignments to the benefit of its principals.
